Thank you to PAEYC for sponsoring teachers to receive free ACT 48 credits!

Greetings Local Food Lovers,

Welcome to our 10th Annual Local Food Conference! We couldn't have dreamt of how awesome this event would become back in 2007. Ever since we dove into the local food world we've learned a lot about the relationships we have with our food, our farmers, and our neighbors – the good and the bad.

We've learned to reach out to this great network of attendees, exhibitors, and sponsors to try to forge a new path. What started simply as a way to support our employee wellness program morphed into a food revolution!

Local Food in Pittsburgh is more accessible now than ever, but we still have work to do. Local businesses are launching new products, some old favorites are gone, and we are here for the next two days to get an objective view of what direction we're headed.

Speak up and ask questions! Share your ideas! We're moving forward together! Stop by the registration desk or the American HealthCare Group exhibit table to find out how you can get involved.

About the Music
Slide Worldwide

"We're equipped to play the full spectrum of world music which is where the name Slide Worldwide comes from.

We also know how to party! Our sound is deeply rooted in Soul, R & B, HipHop & House music. Most of the great R & B, Funk & Soul bands from James Brown to Earth, Wind & Fire & Stevie Wonder had bands made up of mostly Jazz musicians & we are continuing that tradition today!"

A brighter, healthier tomorrow

"Every single one of the faculty members, whether I had them in class or not, were like *How can I help, what can I do, if you need to talk, we'll set up a meeting.* They've been really helpful in helping me do the things I wanted to do in my community."
